

# DURHAM REGIONAL HOSPITAL

# PNA EXPERIENCE

*Becoming a great RN begins by learning the basics of day-to-day safe practice in a supportive learning environment. At Durham Regional Hospital, you will receive the personal touch that only a community hospital setting can provide. You will work within the scope of practice of a Nursing Care Assistant II (PNA II) while learning the clinical skills, critical thinking and communication techniques important to the RN scope of practice. Your experience will include:*

**June 1st – August 10th, 2010**

- 10 weeks of 12-hour rotating shifts.
- 16 hours of class time.
- An 8-hour shadowing experience in an area of choice arranged by unit leadership.

# DUKE RALEIGH HOSPITAL

## PNA EXPERIENCE

*Becoming a great RN begins by learning the basics of day-to-day safe practice in a supportive learning environment. It takes a special person to become a nurse. At Duke Raleigh Hospital, we offer a special place to be one as well. And it's our staff that personifies the high quality, compassionate care we're known for with a focus on providing outstanding patient care.*

*Our 186-bed hospital offers general medical and surgical services, oncology, ICU, Telemetry and a 24-hour Emergency Department with full-time Emergency Medical Physicians. You will work within the scope of a nursing care assistant while learning the clinical skills, critical thinking and communication techniques important to the RN scope of practice.*

**June 7th – August 16th, 2010**

- 10 weeks of 8 hour or 12 hour shifts (no rotation). You will work full time directly with an RN on an assigned unit. You will be able to develop your organizational skills while you gain experience with patient care. At the end of the 10-week period, you may elect to continue to work as a Nursing Assistant on an assigned unit as a casual NA.
- 16 hours of class time.
- Opportunity to shadow in other areas of interest arranged by Unit Leadership.

# DUKE UNIVERSITY HOSPITAL

## PNA EXPERIENCE

*Becoming a great RN begins by learning the basics of day-to-day safe practice in a supportive learning environment. At Duke Hospital, you will be exposed to cutting-edge research and technology as well as a variety of patient populations that only a tertiary care center can provide. You will work within the scope of practice of a nursing care assistant while learning the clinical skills, critical thinking and communication techniques important to the RN scope of practice.*

**June 1st – August 10th, 2010**

- 10 weeks of 12-hour shifts in a day/night rotation. You will work 36 hours per week with an RN resource. This includes shadowing experiences with the charge nurse and healthcare team as well as independent experiences as a nursing assistant to develop organizational skills.
- 16 hours of class time.
- 8 hours of an individualized learning activity that you select. Take advantage of shadowing experiences and/or classes within your patient specialty or in other patient specialties of your interest.
